1. Presentation of Financial Statements and Significant Accounting Policies

General These unaudited Condensed Consolidated Financial Statements have been prepared by Howard Hughes Holdings Inc. (HHH or the Company) in accordance with accounting principles generally accepted in the United States of America (GAAP). References to HHH, the Company, we, us, and our refer to Howard Hughes Holdings Inc. and its consolidated subsidiaries, which includes The Howard Hughes Corporation (HHC), unless otherwise specifically stated. References to HHC or Howard Hughes Communities refer to The Howard Hughes Corporation and its consolidated subsidiaries, unless otherwise specifically stated.

In accordance with the instructions to Form 10-Q and Article 10 of Regulation S-X as issued by the Securities and Exchange Commission (the SEC), these Condensed Consolidated Financial Statements do not include all of the information and disclosures required by GAAP for complete financial statements. Readers of this quarterly report on Form 10-Q (Quarterly Report) should refer to the Howard Hughes Holdings Inc. audited Consolidated Financial Statements, which are included in its annual report on Form 10-K for the fiscal year ended December 31, 2025, filed with the SEC on February 19, 2026 (the Annual Report). In the opinion of management, all normal recurring adjustments necessary for a fair presentation of the financial position, results of operations, comprehensive income, cash flows, and equity for the interim periods have been included. The results for the three months ended March 31, 2026, are not necessarily indicative of the results that may be expected for the year ending December 31, 2026, and future fiscal years.

Principles of Consolidation and Basis of Presentation The Condensed Consolidated Financial Statements include the accounts of Howard Hughes Holdings Inc. and its subsidiaries after elimination of intercompany balances and transactions. The Company also consolidates certain variable interest entities (VIEs) in accordance with Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) 810 *Consolidation*. The outside equity interests in certain entities controlled by the Company are reflected in the Condensed Consolidated Financial Statements as noncontrolling interests.

Management has evaluated for disclosure or recognition all material events occurring subsequent to the date of the Condensed Consolidated Financial Statements up to the date and time this Quarterly Report was filed.

Planned Vantage Acquisition As previously disclosed in our Current Report on Form 8-K filed on December 18, 2025, the Company entered into a definitive agreement to acquire 100% of Vantage Group Holdings Ltd. (Vantage), a privately held specialty insurance and reinsurance company, for cash consideration of approximately \$2.1 billion. The transaction remains subject to regulatory approvals and other customary closing conditions, and is expected to close in the second quarter of 2026. To support the funding of the acquisition, the Company also entered into an equity commitment letter with Pershing Square Holdings, Ltd. under which Pershing Square committed to purchase up to \$1.0 billion of the Company's preferred stock, prior to and contingent upon the closing of the Vantage acquisition. Over time, the Company will have the right, but not the obligation, to repurchase the preferred stock during specified periods and upon certain triggering events. The acquisition is expected to be funded through the Company's cash on hand and proceeds from the issuance of the preferred stock.

See Note 2 - *Pershing Square* for additional information related to the transactions with Pershing Square.

Restricted Cash Restricted cash reflects amounts segregated in escrow accounts in the name of the Company, primarily related to escrowed condominium deposits by buyers and other amounts related to taxes, insurance, and legally restricted security deposits and leasing costs.

Accounts Receivable, net Accounts receivable, net includes straight-line rent receivables, tenant receivables, related-party receivables, and other receivables. On a quarterly basis, management reviews the lease-related receivables, including straight-line rent receivables and tenant receivables, for collectability. This analysis includes a review of past due accounts and considers factors such as the credit quality of tenants, current economic conditions, and changes in customer payment trends. When full collection of a lease-related receivable or future lease payment is deemed to be not probable, a reserve for the receivable balance is charged against rental revenue and future rental revenue is recognized on a cash basis. The Company also records reserves for estimated losses if the estimated loss amount is probable and can be reasonably estimated.

Related-party receivables are primarily due from the Floreo joint venture. This balance includes reimbursable overhead costs incurred by the Company on behalf of Floreo and a \$6.0 million guaranty fee associated with Floreo's bond financing. See Note 3 - *Investments in Unconsolidated Ventures* for additional information on the Floreo joint venture and Note 10 - *Commitments and Contingencies* for additional information on the guaranty fee.

Other receivables are primarily related to short-term trade receivables. The Company is exposed to credit losses through the sale of goods and services to customers and assesses its exposure to credit loss related to these receivables on a quarterly basis based on historical collection experience and future expectations by portfolio. The Company records an allowance for credit losses if the estimated loss amount is probable.

The following table represents the components of Accounts receivable, net of amounts considered uncollectible, in the accompanying Condensed Consolidated Balance Sheets:

<i>thousands</i>	March 31, 2026	December 31, 2025
Straight-line rent receivables	\$ 100,168	\$ 96,975
Tenant receivables	2,982	5,512
Related-party receivables	20,636	18,640
Other receivables	7,773	12,995
Accounts receivable, net (a)	\$ 131,559	\$ 134,122

(a) As of March 31, 2026, the total reserve balance for amounts considered uncollectible was \$8.0 million, comprised of \$7.9 million attributable to lease-related receivables and \$0.1 million attributable to the allowance for credit losses related to other accounts receivables. As of December 31, 2025, the total reserve balance was \$7.2 million, comprised of \$7.0 million attributable to lease-related receivables and \$0.2 million attributable to the allowance for credit losses related to other accounts receivables.

The following table summarizes the impacts of the collectability reserves in the accompanying Condensed Consolidated Statements of Operations:

<i>thousands</i>	Three Months Ended March 31,	
	2026	2025
Statements of Operations Location		
Rental revenue	\$ 1,358	\$ 771
Provision for (recovery of) doubtful accounts	(59)	(156)

Sale of MUD Receivables In September 2024, the Company entered into a sales transaction of MUD receivables, in which it transferred the reimbursement rights to \$186.0 million of existing MUD receivables and \$9.3 million of related accrued interest, as well as \$40.0 million of anticipated future MUD receivables, for total cash consideration of \$176.7 million. Using the relative fair value method, \$146.7 million of the cash consideration was allocated to the sale of the existing MUD receivables and \$30.0 million was allocated to the sale of the anticipated future MUD receivables. As a result of the sale, the Company derecognized the existing MUD receivables and related accrued interest, resulting in a loss on sale of \$48.7 million in the Condensed Consolidated Statements of Operations in 2024.

In May 2025, the Company entered into a transaction in which it transferred the reimbursement rights to \$147.0 million of existing MUD receivables and \$14.1 million of related accrued interest, as well as \$95.9 million of anticipated future MUD receivables, for total cash consideration of \$180.0 million. Using the relative fair value method, \$112.8 million of the cash consideration was allocated to the sale of the existing MUD receivables and \$67.2 million was allocated to the sale of the anticipated future MUD receivables. As a result of the sale, the Company derecognized the existing MUD receivables and related accrued interest, resulting in a loss on sale of \$48.2 million in the Condensed Consolidated Statements of Operations.

For both transactions, the Company is required to complete future development activities. As such, liabilities associated with the future development spend were recorded at amortized cost in Accounts payable and other liabilities on the Condensed Consolidated Balance Sheets. The associated discounts, which represent the differences between the total future development spend and the allocated cash proceeds, are being amortized into interest expense over the expected development period using the effective interest method. As of March 31, 2026, the total remaining liability was \$60.7 million and the total unamortized discount was \$8.1 million. As of December 31, 2025, the total remaining liability was \$64.4 million and the total unamortized discount was \$12.8 million. Interest expense related to the discount amortization was \$4.7 million for the three months ended March 31, 2026, and \$2.5 million for the three months ended March 31, 2025.

In April 2026, the Company entered into a third sales transaction of MUD receivables, in which it transferred the reimbursements rights for existing and anticipated future MUD receivables, for total cash consideration of \$17.5 million. The financial impact of this transaction will be reflected in the next reporting period. At this time, the Company is unable to reasonably estimate the allocation of these amounts between the existing and anticipated future MUD receivables to estimate the loss associated with the sale but will provide further details in future disclosures.

Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting periods. The estimates and assumptions include, but are not limited to, capitalization of development costs, provision for income taxes, recoverable amounts of receivables and deferred tax assets, initial valuations of tangible and intangible assets acquired, and the related useful lives of assets upon which depreciation and amortization is based. Estimates and assumptions have also been made with respect to future revenues and costs, and the fair value of warrants, debt, and options granted. Master Planned Communities (MPC) cost of sales estimates are highly judgmental as they are sensitive to cost escalation, sales price escalation, and lot absorption, which are subject to judgment and affected by expectations about future market or economic conditions. Additionally, the future cash flow estimates and fair values used for impairment analysis are highly judgmental and reflect current and projected trends in rental, occupancy, pricing, development costs, sales pace, capitalization rates, selling costs, and estimated holding periods for the applicable assets. Both MPC cost of sale estimates and estimates used in impairment analysis are affected by expectations about future market or economic conditions. Actual results could differ from these and other estimates.

Consolidated Variable Interest Entities

Teravalis At March 31, 2026, and December 31, 2025, the Company owned an 88.0% interest in Teravalis, the Company's newest large-scale master planned community in the West Valley of Phoenix, Arizona, and a third party owned the remaining 12.0%. Teravalis was determined to be a VIE, and as the Company has the power to direct the activities that most significantly impact its economic performance, the Company is considered the primary beneficiary and consolidates Teravalis.

Under the terms of the LLC agreement, cash distributions and the recognition of income-producing activities will be pro rata based on economic ownership interest. As of March 31, 2026, the Company's Condensed Consolidated Balance Sheets included \$544.5 million of MPC assets and \$65.3 million of Noncontrolling interest related to Teravalis. As of December 31, 2025, the Company's Condensed Consolidated Balance Sheets included \$543.9 million of MPC assets and \$65.2 million of Noncontrolling interest related to Teravalis.

'Ilima The Company entered into a joint venture agreement with Discovery Land Company (Discovery) to form Block E Ward Village ('Ilima) for the purpose of developing, constructing, and operating a residential condominium tower in Ward Village. 'Ilima was determined to be a VIE, and as the Company has the power to direct the activities that most significantly impact its economic performance, the Company is considered the primary beneficiary and consolidates 'Ilima. Pre-sales for 'Ilima commenced in June 2025. The Company currently funds 100% of the predevelopment activity.

Once pre-sales targets are met and construction financing is obtained, the Company will contribute land and Discovery will contribute to up \$5.0 million. All other necessary capital contributions will be funded by the Company. After completion of the condominium tower and closing of condominium sales, cash distributions and the recognition of income-producing activities will be pro rata based on ownership interest. At March 31, 2026, and December 31, 2025, the Company owned approximately 100% of this venture.

The Company's Condensed Consolidated Balance Sheets included the following amounts related to 'Ilima.

<i>thousands</i>	March 31, 2026	December 31, 2025

Noncontrolling Interests As of March 31, 2026, and December 31, 2025, noncontrolling interests were primarily related to the 12.0% noncontrolling interest in Teravalis.

Financing Receivable Credit Losses The Company is exposed to credit losses through the sale of goods and services to the Company's customers. Receivables held by the Company primarily relate to short-term trade receivables, discussed above, and financing receivables, which include MUD receivables, Special Improvement District (SID) bonds, Tax Increment Financing (TIF) receivables, net investments in lease receivables, and notes receivable. The Company assesses its exposure to credit loss based on historical collection experience and future expectations by portfolio segment. Historical collection experience is evaluated on a quarterly basis by the Company.

The amortized cost basis of financing receivables, consisting primarily of MUD and SID receivables, totaled \$634.9 million as of March 31, 2026, and \$560.3 million as of December 31, 2025. The MUD receivable balance included accrued interest of \$53.5 million as of March 31, 2026, and \$48.2 million as of December 31, 2025. There was no material activity in the allowance for credit losses for financing receivables for the three months ended March 31, 2026 and 2025.

Financing receivables are considered to be past due once they are 30 days contractually past due under the terms of the agreement. The Company does not have significant receivables that are past due or on nonaccrual status. There have been no significant write-offs or recoveries of amounts previously written off during the current period for financing receivables.

2. Pershing Square

Common Share Issuance to Pershing Square On May 5, 2025, the Company entered into a Share Purchase Agreement (Purchase Agreement), by and between the Company and Pershing Square Holdco, L.P. (PS Holdco), pursuant to which the Company sold to PS Holdco 9,000,000 newly issued shares of the Company's common stock at a purchase price of \$100 per share, for an aggregate purchase price of \$900 million (the Pershing Square Issuance). In connection with the Purchase Agreement, the Company also entered into several other agreements, dated May 5, 2025, with PS Holdco and Pershing Square Capital Management, L.P. (together, Pershing Square), including a Services Agreement. The Company expects to use the proceeds from the Pershing Square Issuance, along with additional sources, to complete the acquisition of Vantage in the second quarter of 2026.

As of March 31, 2026, Pershing Square beneficially owned approximately 46.7% of the Company's outstanding shares of common stock.

Services Agreement Pursuant to the terms of the Services Agreement, Pershing Square supports the Company's new diversified holding company strategy by providing services to the Company, such as (i) investment advisory services, (ii) making recommendations with respect to hedging, balance sheet optimization and capital allocation, (iii) executing transactions, (iv) assisting the Company with business and corporate development functions, (v) making voting recommendations for the Company's investments, (vi) assisting with and advising on fundraising, (vii) monitoring operations of the Company and its investments, subject to the day-to-day authority and responsibility of management of the Company, (viii) providing recommendations for persons to serve as designees or deputies of the Chief Investment Officer, (ix) engaging and supervising third-party service providers, (x) making dividend payment recommendations, and (xi) providing other services as may be agreed upon. The Services Agreement has an initial ten-year term and will have successive renewal terms of ten years.

On a quarterly basis, the Company pays Pershing Square a base advisory fee and a variable advisory fee equal to a percentage of the excess value of the quarter-end stock price of the Company's common stock minus a reference price, multiplied by the existing share count as of the transaction date, which will not increase with the issuance of new shares of common stock. The base fee and the reference share price are subject to annual adjustment based on the Core Personal Consumption Expenditures (PCE) Price Index. The total advisory fee recognized in General and administrative expenses in the Condensed Consolidated Statements of Operations was \$3.8 million for the three months ended March 31, 2026. As of March 31, 2026, the Company had no payable amounts due to Pershing Square.

Potential Preferred Share Issuance to Pershing Square In December 2025, in association with the pending acquisition of Vantage, the Company entered into an equity commitment letter with Pershing Square Holdings, Ltd. under which Pershing Square committed to purchase up to \$1.0 billion of the Company's preferred stock, prior to and contingent upon the closing of the Vantage acquisition. The preferred stock will be perpetual, non-voting (subject to customary protective rights), and will become convertible into the common stock of Vantage if not redeemed by the end of the seventh fiscal year post-transaction. HHH agreed to reimburse up to \$4.5 million of reasonable and documented expenses incurred by Pershing Square in connection with the preferred stock issuance. As of March 31, 2026, HHH has reimbursed Pershing Square for \$3.4 million of documented expenses. The Company will have the right, but not the obligation, to repurchase the preferred stock during specified periods and upon certain triggering events. The Company is evaluating the accounting implications of the potential preferred stock issuance and will provide further disclosures upon execution of the transaction.

3. Investments in Unconsolidated Ventures

In the ordinary course of business, the Company enters into partnerships and ventures with an emphasis on investments associated with the development and operation of real estate assets. As of March 31, 2026, the Company does not consolidate the investments below as it does not have a controlling financial interest in these investments. As such, the Company primarily reports its interests in accordance with the equity method.

Investments in unconsolidated ventures consist of the following:

	Ownership Interest (a)		Carrying Value		Share of Earnings/Dividends	
	March 31, 2026	December 31, 2025	March 31, 2026	December 31, 2025	Three Months Ended March 31, 2026 2025

(a) Ownership interests presented reflect the Company's stated ownership interest or if applicable, the Company's final profit-sharing interest after receipt of any preferred returns based on the venture's distribution priorities.

- (b) Two of the operating equity investments were in a combined deficit position of \$24.1 million at March 31, 2026, and \$23.8 million at December 31, 2025, and presented in Accounts payable and other liabilities on the Condensed Consolidated Balance Sheets.
- (c) For these equity method investments, various provisions in the venture operating agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses, and preferred returns may result in the Company's economic interest differing from its stated interest or final profit-sharing interest. For these investments, the Company recognizes income or loss based on the venture's distribution priorities, which could fluctuate over time and may be different from its stated ownership or final profit-sharing interest.
- (d) Classified as a VIE; however, the Company is not the primary beneficiary and accounts for its investment in accordance with the equity method. Refer to discussion below for additional information.
- (e) Other investments represent investments not accounted for under the equity method. There were no impairments, or upward or downward adjustments to the carrying amounts of these securities either during current year or cumulatively.

The Summit In 2015, the Company formed DLV/HHPI Summerlin, LLC (The Summit) with Discovery to develop a custom home community in Summerlin. The Company contributed land for Phase I in 2015 and initially received distributions and recognized its share of income or loss based on the joint venture's distribution priorities. The Company has now received all of its preferred return distributions, and recognizes its share of income or loss for Phase I based on its final profit-sharing interest.

In 2022, the Company contributed an additional 54 acres to The Summit (Phase II land). The Phase II land is adjacent to the existing Summit development and includes approximately 28 custom home sites. The first lot sales closed in the first quarter of 2023. The Company recognizes its share of income or loss for Phase II based on the joint venture's distribution priorities in the amended Summit LLC agreement, which could fluctuate over time. Upon receipt of the Company's preferred returns, distributions and recognition of income or loss will be allocated to the Company based on its final profit-sharing interest.

Floreo In 2021, simultaneous with the Teravalis land acquisition, the Company closed on the acquisition of a 50% interest in Trillium Development Holding Company, LLC (Floreo) and entered into an LLC Agreement with JDM Partners and El Dorado Holdings to develop Floreo, the first village within the new Teravalis MPC, on 3,029 acres of land in the greater Phoenix, Arizona area. The first land sales closed in the first quarter of 2024.

In October 2022, Floreo closed on a bond financing. The current borrowing capacity is \$365.0 million, and outstanding borrowings as of March 31, 2026, were \$268.0 million. The Company provided a guaranty on this financing in the form of a collateral maintenance obligation and received guaranty fees of \$11.0 million. The financing and related guaranty provided by the Company triggered a reconsideration event and as of December 31, 2022, Floreo was classified as a VIE. Due to rights held by other members, the Company does not have a controlling financial interest in Floreo and is not the primary beneficiary. As of March 31, 2026, the Company's maximum exposure to loss on this investment is limited to the \$56.0 million aggregate carrying value as the Company has not made any other firm commitments to fund amounts on behalf of this VIE, and cash collateral that the Company may be obligated to post related to its collateral maintenance obligation. See Note 10 - *Commitments and Contingencies* for additional information related to the Company's collateral maintenance obligation.

Aspect In March 2026, the Company formed FP Aspect Holdings, LLC (Aspect) with Foulger-Pratt. Upon formation, HHH contributed \$13.6 million in exchange for an 85% interest in Aspect and Foulger-Pratt contributed \$2.4 million in exchange for a 15% interest. Per the LLC agreement, Foulger-Pratt is the managing member. Aspect is classified as a VIE, however, despite HHH's significant economic ownership, it does not have the ability to control the activities that most impact the economic performance of the venture, and as such is not the primary beneficiary. As of March 31, 2026, the Company's maximum exposure to loss on this investment is limited to the \$13.6 million aggregate carrying value as the Company has not made any other firm commitments to fund amounts on behalf of this VIE. Aspect was created to hold a 20% ownership interest in Aspect Alexandria QOZB, LLC (Aspect Lower Tier JV). In the first quarter of 2026, Aspect Lower Tier JV purchased 4 acres of land from West End Alexandria, as discussed below, and will utilize the land to develop a multifamily property within the West End Alexandria area. Aspect Lower Tier JV commenced construction on the multifamily property in March 2026.

West End Alexandria In 2021, the Company entered into an Asset Contribution Agreement with Landmark Land Holdings, LLC (West End Alexandria) to redevelop a site previously known as Landmark Mall. Other equity owners include Foulger-Pratt Development, LLC and Seritage SRC Finance. In exchange for equity interests in West End Alexandria, the Company conveyed its Landmark Mall property, Seritage conveyed additional land, and Foulger-Pratt contributed cash consideration. The Company does not have the ability to control the activities that most impact the economic performance of the venture as Foulger-Pratt is the managing member and manages all development activities. As such, the Company accounts for its ownership interest in accordance with the equity method.

Development plans include approximately four million square feet of residential, retail, commercial, and entertainment offerings integrated into a cohesive neighborhood with a central plaza, a network of parks, and public transportation. Foulger-Pratt manages construction of the development. Demolition was completed in 2023, with completion of infrastructure work expected in 2026. During the first quarter of 2026, West End Alexandria completed the sale of 4 acres of land to Aspect Lower Tier JV, which as mentioned above, will utilize the land to develop a multifamily property within the West End Alexandria area. The Company recognized a loss of \$5.0 million during the three months ended March 31, 2026, primarily related to its share of the loss on sale of this property.

4. Acquisitions and Dispositions

Acquisitions

Strategic Developments In May 2025, the Company acquired the 7 Waterway office property and the adjacent parking garage for \$16.3 million in an asset acquisition. The 186,369-square-foot office property is located in The Woodlands.

Dispositions Gains and losses on asset dispositions are recorded to Gain (loss) on sale or disposal of real estate and other assets, net in the Condensed Consolidated Statements of Operations, unless otherwise noted.

Strategic Developments The Grogan's Mill Library and Community Center was developed in connection with a land swap agreement entered into with Montgomery County, Texas. In July 2025, upon completion of construction, the Company transferred the Grogan's Mill Library and Community Center to Montgomery County in exchange for a land parcel on the Waterway in The Woodlands (Town Green), resulting in a gain of \$10.1 million. Town Green was measured at fair value and is held in the strategic segment for future development. See Note 8 - *Fair Value* for additional information.

Operating Assets In September 2025, the Company completed the sale of two land parcels, which included a 6,890-square-foot retail space, in Ward Village for total proceeds of \$6.0 million, resulting in a gain of \$4.4 million.

In January 2025, the Company completed the sale of two land parcels, which included a 13,870-square-foot retail space, in Ward Village for total consideration of \$12.2 million, resulting in a gain of \$10.0 million.

5. Impairment

The Company reviews its long-lived assets for potential impairment indicators when events or changes in circumstances indicate that the carrying amount may not be recoverable. Impairment or disposal of long-lived assets in accordance with ASC 360, *Property, Plant, and Equipment*, requires that if impairment indicators exist and expected undiscounted cash flows generated by the asset over an anticipated holding period are less than its carrying amount, an impairment provision should be recorded to write down the carrying amount of the asset to its fair value. The impairment analysis does not consider the timing of future cash flows and whether the asset is expected to earn an above- or below-market rate of return. No impairment charges were recorded for long-lived assets during the three months ended March 31, 2026 or 2025.

The Company periodically evaluates strategic alternatives with respect to each property and may revise the strategy from time to time, including the intent to hold the asset on a long-term basis or the timing of potential asset dispositions. For example, the Company may decide to sell property that is held for use, and the sale price may be less than the carrying amount. As a result, changes in strategy could result in impairment charges in future periods.

The Company evaluates each investment in an unconsolidated venture discussed in Note 3 - *Investments in Unconsolidated Ventures* periodically for recoverability and valuation declines that are other-than-temporary. If the decrease in value of an investment is deemed to be other-than-temporary, the investment is reduced to its estimated fair value. No impairment charges were recorded for investments in unconsolidated ventures during the three months ended March 31, 2026 or 2025.

- (b) Deferred financing costs are amortized to interest expense over the initial contractual term of the respective financing agreements using the effective interest method (or other methods which approximate the effective interest method).

As of March 31, 2026, land, buildings and equipment, developments, and other collateral with a net book value of \$5.3 billion have been pledged as collateral for the Company's mortgages, notes, and loans payable.

Senior Unsecured Notes In February 2026, HHC, the Company's wholly owned subsidiary, issued \$500.0 million of 5.875% senior unsecured notes due 2032 and \$500.0 million of 6.125% senior unsecured notes due 2034 (collectively the February 2026 Senior Notes). These notes will pay interest semi-annually beginning in September 2026. HHC used the net proceeds to redeem its outstanding \$750.0 million 5.375% senior unsecured notes due 2028 and will use the remaining proceeds for general corporate purposes.

The February 2026 Senior Notes were offered in a private placement, solely to persons reasonably believed to be qualified institutional buyers. These notes have not been, and will not be, registered under the Securities Act or the securities laws of any other jurisdiction and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements.

The following table summarizes the Company's senior unsecured notes by issuance date. These notes have fixed rates of interest that are payable semi-annually and are interest only until maturity.

<i>\$ in thousands</i>	Principal	Maturity Date	Interest Rate

Secured Mortgages Payable The Company's outstanding mortgages are collateralized by certain of the Company's real estate assets. Certain of the Company's loans contain provisions that grant the lender a security interest in the operating cash flow of the property that represents the collateral for the loan. Certain mortgage notes may be prepaid subject to a prepayment penalty equal to a yield maintenance premium, defeasance, or a percentage of the loan balance. Construction loans related to the Company's development properties are generally variable-rate, interest-only, and have maturities of five years or less. Debt obligations related to the Company's operating properties generally require monthly installments of principal and interest. The Company's secured mortgages mature over various terms through September 2052.

The following table summarizes the Company's secured mortgages payable:

<i>\$ in thousands</i>	March 31, 2026				December 31, 2025			
	Principal	Range of Interest Rates	Weighted-average Interest Rate	Weighted-average Years to Maturity	Principal	Range of Interest Rates	Weighted-average Interest Rate	Weighted-average Years to Maturity

- (a) Interest rates presented are based upon the coupon rates of the Company's fixed-rate debt obligations.
(b) Interest rates presented are based on the applicable reference interest rates as of March 31, 2026, and December 31, 2025, excluding the effects of interest rate derivatives.

The Company has entered into derivative instruments to manage its variable interest rate exposure. The weighted-average interest rate of the Company's variable-rate mortgages payable, inclusive of interest rate derivatives, was 6.82% as of March 31, 2026, and 7.15% as of December 31, 2025. See Note 9 - *Derivative Instruments and Hedging Activities* for additional information.

During 2026, the Company's mortgage activity included new borrowings of \$369.6 million, draws on existing mortgages of \$81.0 million, and repayments of \$5.1 million. As of March 31, 2026, the Company's secured mortgage loans had \$1.1 billion of undrawn lender commitment available to be drawn for property development, subject to certain restrictions.

Special Improvement District Bonds The Summerlin MPC uses SID bonds to finance certain common infrastructure improvements. These bonds are issued by the municipalities and are secured by the assessments on the land. The majority of proceeds from each bond issued is held in a construction escrow and disbursed to the Company as infrastructure projects are completed, inspected by the municipalities, and approved for reimbursement. Accordingly, the SID bonds have been classified as debt, and the Summerlin MPC pays the debt service on the bonds semi-annually. As Summerlin sells land, the buyers assume a proportionate share of the bond obligation at closing, and the residential sales contracts provide for the reimbursement of the principal amounts that the Company previously paid with respect to such proportionate share of the bond. These bonds bear interest at fixed rates ranging from 4.13% to 6.05% with maturities ranging from 2030 to 2055 as of March 31, 2026, and fixed rates ranging from 4.13% to 6.50% with maturities ranging from 2030 to 2055 as of December 31, 2025. During the three months ended March 31, 2026, obligations of \$1.4 million were assumed by buyers and no SID bonds were issued.

Secured Bridgeland Notes The Company's \$600.0 million secured notes mature in 2029 and are secured by MUD receivables and land in Bridgeland. The loan requires a 10% fully refundable deposit on the outstanding balance and has an interest rate of 5.95%. In the second quarter of 2025, \$198.0 million was repaid primarily using the proceeds from the sale of MUD receivables, bringing outstanding borrowings to \$85.0 million as of March 31, 2026.

Debt Compliance On certain of its debt obligations, the Company has the option to exercise extension options, subject to certain terms, which may include minimum debt service coverage, minimum occupancy levels or condominium sales levels, as applicable, and other performance criteria. In certain cases, due to property performance not meeting identified covenants, the Company may be required to pay down a portion of the loan to exercise the extension option.

As of March 31, 2026, the Company was not in compliance with certain property-level debt covenants. As a result, the excess net cash flow after debt service from the underlying properties became restricted. While the restricted cash could not be used for general corporate purposes, it could be used to fund operations of the underlying assets and did not have a material impact on the Company's liquidity or its ability to operate these assets.

8. Fair Value

ASC 820, *Fair Value Measurement*, emphasizes that fair value is a market-based measurement that should be determined using assumptions market participants would use in pricing an asset or liability. The standard establishes a hierarchical disclosure framework that prioritizes and ranks the level of market price observability used in measuring assets or liabilities at fair value. Market price observability is impacted by a number of factors, including the type of investment and the characteristics specific to the asset or liability. Assets or liabilities with readily available active quoted prices, or for which fair value can be measured from actively quoted prices, generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

The following table presents the fair value measurement hierarchy levels required under ASC 820 for the Company's assets and liabilities that are measured at fair value on a recurring basis.

	March 31, 2026				December 31, 2025			
	Fair Value Measurements Using				Fair Value Measurements Using

The fair values of interest rate derivatives (Level 2) are determined using the market standard methodology of netting the discounted future fixed cash payments and the discounted expected variable cash receipts. The variable cash receipts are based on an expectation of future interest rates derived from observable market interest rate curves.

The estimated fair values of the Company's financial instruments that are not measured at fair value on a recurring basis are as follows:

<i>thousands</i>	Fair Value Hierarchy	March 31, 2026		December 31, 2025	
		Carrying Amount	Estimated Fair Value	Carrying Amount	Estimated Fair Value
Assets:					
Cash, cash equivalents, and restricted cash (a)	Level 1	\$ 2,489,283	\$ 2,489,283	\$ 2,097,158	\$ 2,097,158

Variable-rate debt (d)	Level 2	1,668,396	1,668,396	1,220,359	1,220,359

- (a) Cash, cash equivalents, and restricted cash include demand deposits, money market mutual funds, and U.S. Treasury bills with original maturities of 90 days or less.
- (b) Accounts receivable, net is shown net of an allowance of \$8.0 million at March 31, 2026, and \$7.2 million at December 31, 2025. Refer to Note 1 - *Presentation of Financial Statements and Significant Accounting Policies* for additional information on the allowance.
- (c) Notes receivable, net is shown net of an immaterial allowance at March 31, 2026, and December 31, 2025.
- (d) Excludes related unamortized financing costs.

The carrying amounts of Cash, cash equivalents, and restricted cash; Accounts receivable, net; and Notes receivable, net approximate fair value because of the short-term maturity of these instruments.

The fair value of the Company's senior unsecured notes, included in fixed-rate debt in the table above, is based upon the trade price closest to the end of the period presented. The fair value of other fixed-rate debt in the table above was estimated based on a discounted future cash payment model, which includes risk premiums and risk-free rates derived from the Secured Overnight Financing Rate (SOFR) or U.S. Treasury obligation interest rates as of March 31, 2026. Refer to Note 7 - *Mortgages, Notes, and Loans Payable, Net* for additional information. The discount rates reflect the Company's judgment as to what the approximate current lending rates for loans or groups of loans with similar maturities and credit quality would be if credit markets were operating efficiently and assuming that the debt is outstanding through maturity.

The carrying amounts for the Company's variable-rate debt approximate fair value given that the interest rates are variable and adjust with current market rates for instruments with similar risks and maturities.

The below table includes a non-financial asset received as consideration in a land swap transaction and measured at fair value on a non-recurring basis:

<i>thousands</i>	Segment	Total Fair Value Measurement	Fair Value Measurements Using

- (a) The fair value was determined based on an independent property appraisal using market-participant assumptions as of June 2025. Refer to Note 4 - *Acquisitions and Dispositions* for additional information.

9. Derivative Instruments and Hedging Activities

The Company is exposed to interest rate risk related to its variable interest rate debt, and it manages this risk by utilizing interest rate derivatives. The Company uses interest rate swaps, collars, and caps to add stability to interest costs by reducing the Company's exposure to interest rate movements. Interest rate swaps designated as cash flow hedges involve the receipt of variable amounts from a counterparty in exchange for the Company's fixed-rate payments over the life of the agreements without exchange of the underlying notional amount. Interest rate collars designated as cash flow hedges involve the receipt of variable amounts from a counterparty if interest rates rise above an established ceiling rate and payment of variable amounts to a counterparty if interest rates fall below an established floor rate, in exchange for an upfront premium. No payments or receipts are exchanged on interest rate collar contracts unless interest rates rise above or fall below the established ceiling and floor rates. Interest rate caps designated as cash flow hedges involve the receipt of variable amounts from a counterparty if interest rates rise above the strike rate on the contract in exchange for an upfront premium. Certain of the Company's interest rate caps are not currently designated as hedges, and therefore, any gains or losses are recognized in current-period earnings within Interest expense in the Condensed Consolidated Statements of Operations. These derivatives are recorded on a gross basis at fair value on the Condensed Consolidated Balance Sheets.

Assessments of hedge effectiveness are performed quarterly using regression analysis. The change in the fair value of derivatives designated and qualifying as cash flow hedges is recorded in Accumulated other comprehensive income (loss) (AOCI) and is subsequently reclassified into earnings in the period that the hedged forecasted transaction affects earnings within the same income statement line item being hedged. Derivatives accounted for as cash flow hedges are classified in the same category in the Condensed Consolidated Statements of Cash Flows as the items being hedged. Gains and losses from derivative financial instruments are reported in Cash provided by (used in) operating activities within the Condensed Consolidated Statements of Cash Flows.

The Company is exposed to credit risk in the event of non-performance by its derivative counterparties. To mitigate its credit risk, the Company reviews the creditworthiness of counterparties and enters into agreements with those that are considered credit-worthy, such as large financial institutions with favorable credit ratings. There were no derivative counterparty defaults as of March 31, 2026, or December 31, 2025.

If the derivative contracts are terminated prior to their maturity, the amounts previously recorded in AOCI are recognized in earnings over the period that the hedged transaction impacts earnings. The reduction in Interest expense related to the amortization of terminated swaps is immaterial.

Amounts reported in AOCI related to derivatives are reclassified to Interest expense as interest payments are made on the Company's variable-rate debt. Over the next 12 months, the Company estimates that \$2.0 million of net gain will be reclassified to Interest expense including amounts related to the amortization of terminated swaps.

The following table summarizes certain terms of the Company's derivative contracts. The Company reports derivative assets in Other assets, net and derivative liabilities in Accounts payable and other liabilities.

(b) Interest related to these contracts was \$0.6 million income for the three months ended March 31, 2026, and \$0.2 million expense for the three months ended March 31, 2025.
(c) The Company holds two outstanding warrants. One warrant represents approximately 98% of the aggregate fair value and has an effective date of February 2025 and a maturity date of February 2035. The remaining warrant is immaterial and has similar economic characteristics.

The tables below present the effect of the Company's derivative financial instruments in the Condensed Consolidated Statements of Operations:

Credit-risk-related Contingent Features The Company has agreements at the property level with certain derivative counterparties that contain a provision where if the Company defaults on the related property-level indebtedness, including default where repayment of the indebtedness has not been accelerated by the lender, then the Company could also be declared in default on its related derivative obligations. The fair value of derivatives in a net liability position related to these agreements was \$1.8 million as of March 31, 2026.

10. Commitments and Contingencies

Litigation In the normal course of business, from time to time, the Company is involved in legal proceedings relating to the ownership and operations of its properties. In management's opinion, the liabilities, if any, that may ultimately result from normal course of business legal actions are not expected to have a material effect on the Company's consolidated financial position, results of operations, or liquidity.

Columbia The Company is currently developing certain property it owns in Merriweather District, which is subject to certain recorded documents, covenants, and restrictions (the Covenants). Under the Covenants, HHH is the master developer of Merriweather District. In 2017, IMH Columbia, LLC (IMH) purchased the site of a former Sheraton Hotel (the Hotel Lot) subject to the Covenants. IMH has made demands that HHH accede to IMH's development plans for the Hotel Lot and HHH has exercised its right under the Covenants to object to IMH's plans for the Hotel Lot. IMH filed a complaint seeking (1) a declaration that HHH gave its consent, under the Covenants, to IMH's proposed changes in use and onsite parking, or that the limitations under the Covenants are obsolete and unenforceable, (2) damages reimbursing the costs and expenses IMH claims to have incurred in reliance on HHH's alleged consent to IMH's proposed development, (3) damages related to the expectation of lost profits, which IMH alleged were caused by HHH breaching the Covenants by prohibiting IMH from proceeding with its proposed development, and (4) declarations finding that HHH breached the shared parking related Covenants relating to HHH's own property. The jury trial concluded in April 2024, and the jury found partially in favor of IMH and awarded damages of \$17.0 million. The Company appealed the judgment, and the Appellate Court of Maryland affirmed the judgment. The Company paid the judgment and related interest in full in January 2026.

Kō'ula In January 2025, the Association of Unit Owners of Kō'ula filed two complaints in the Circuit Court of the First Circuit, State of Hawai'i, against the Company and the general contractor, with one complaint alleging multiple code violations and construction defects (Defect Action) and the other complaint claiming that the Company understated operating costs and disproportionately allocated common expenses to the detriment of unit owners (Budget Action). The Company's insurance carrier has agreed to defend the Defect Action, while coverage for the Budget Action was denied. The Company filed a motion to consolidate both complaints, which was granted in June 2025, and the Court's order regarding the same was entered in September 2025. The Company filed motions to dismiss both actions in October 2025, which the Court denied in January 2026. The Company then filed answers to each complaint as well as a counterclaim in the Budget Action, seeking reimbursement of its start-up costs. In March 2026, the Association filed a motion to dismiss the counterclaim and is awaiting a ruling by the Court. The trial is presently scheduled for January 2027. The Company has not accrued any amounts related to these claims as the damages are undetermined.

Letters of Credit and Surety Bonds As of March 31, 2026, the Company had outstanding letters of credit totaling \$5.2 million and surety bonds totaling \$308.2 million. As of December 31, 2025, the Company had outstanding letters of credit totaling \$5.2 million and surety bonds totaling \$383.1 million. These letters of credit and surety bonds were issued primarily in connection with insurance requirements, special real estate assessments, and construction obligations.

Operating Leases The Company leases land or buildings at certain properties from third parties, which are recorded in Operating lease right-of-use assets and Operating lease obligations on the Condensed Consolidated Balance Sheets. See Note 15 - Leases for further discussion.

Guaranty Agreements The Company evaluates the likelihood of future performance under the below guarantees and, as of March 31, 2026, and December 31, 2025, there were no events requiring financial performance under the following guarantees.

Seaport Entertainment Guaranty Following the execution of the spinoff of Seaport Entertainment Group Inc. and its subsidiaries (Seaport Entertainment or SEG), HHH provided a full backstop guaranty for SEG's outstanding \$61.3 million mortgage related to its 250 Water Street property (SEG Term Loan). As consideration for providing such guaranty, SEG paid the Company an annualized guaranty fee equal to 2.0% of the total outstanding principal, paid monthly. The Company's maximum exposure under this guaranty was equal to the outstanding principal and interest balance at the end of each period. On February 6, 2026, SEG announced that it had closed the sale of its 250 Water Street property. As part of the transaction, SEG repaid the SEG Term Loan in full and the Company was released from the related backstop guaranty.

Floreo Guaranty In 2022, the Company's 50%-owned joint venture Floreo closed on a bond financing. Total borrowing capacity is \$365.0 million with a maturity date of December 1, 2029. Outstanding borrowings as of March 31, 2026 were \$268.0 million. A wholly owned subsidiary of the Company (HHC Subsidiary) provided a guaranty for the bond in the form of a collateral maintenance commitment under which it will post refundable cash collateral if the LTV ratio exceeds 50%. A separate wholly owned subsidiary of the Company also provided a backstop guaranty requiring the payment of cash collateral in the event HHC Subsidiary fails to make necessary payments when due. The potential cash collateral commitment associated with this guaranty is \$100.0 million and the cash collateral becomes nonrefundable if Floreo defaults on the bond obligation.

The Company received \$11.0 million in exchange for providing the guaranty. This deferred income was recorded in Accounts payable and other liabilities on the Condensed Consolidated Balance Sheets as of March 31, 2026, and December 31, 2025, and will be recognized in Other income (loss), net in a manner that corresponds to the bond repayment by Floreo. The Company's maximum exposure under this guaranty is equal to the cash collateral that the Company may be obligated to post. As of March 31, 2026, the Company has not posted any cash collateral. Given the existence of other collateral including the undeveloped land owned by Floreo, the entity's extensive and discretionary development plan, and its eligibility for reimbursement of a significant part of the development costs from the Community Facility District in Arizona, the Company does not expect to have to post collateral.

Merriweather District To the extent that increases in taxes do not cover debt service payments on the Redevelopment District TIF bonds issued by Howard County, Maryland, the Company's wholly owned subsidiary is obligated to pay special taxes. Management has concluded that, as of March 31, 2026, any obligations to pay special taxes are not probable.

Ward Village As part of the Company's development permits with the Hawai'i Community Development Authority for the condominium towers at Ward Village, the Company entered into a guaranty whereby it is required to reserve 20% of the residential units for local residents who meet certain maximum income and net worth requirements. This guaranty, which is triggered once the necessary permits are granted and construction commences, was satisfied for Waiea, Anaha, and Ae'o, with the opening of Ke Kilohana, which is a workforce tower fully earmarked to fulfill this obligation for the first four towers. The reserved units for 'A'ali'i tower are included in the 'A'ali'i tower. Units for Kō'ula, Victoria Place, The Park Ward Village, Kalae, and The Launiu were satisfied with the construction of Ulana Ward Village, which is a second workforce tower fully earmarked to fulfill the remaining reserved housing guaranty in the community. Construction on Ulana Ward Village was completed in November 2025.

11. Income Taxes

<i>thousands except percentages</i>	Three Months Ended March 31,

Income tax expense (benefit)	\$ 2,618	\$ 3,436
Income (loss) before income taxes	10,683	14,274
Effective tax rate	24.5 %	24.1 %

The Company's tax provision for interim periods is determined using an estimate of its annual current and deferred effective tax rates, adjusted for discrete items. The Company's effective tax rate is typically impacted by non-deductible executive compensation and other permanent differences as well as state income taxes, which cause the Company's effective tax rate to deviate from the federal statutory rate.

12. Accumulated Other Comprehensive Income (Loss)

The following tables summarize changes in AOCI, all of which are presented net of tax:

13. Earnings Per Share

Basic earnings (loss) per share (EPS) is computed by dividing net income (loss) available to common stockholders by the weighted-average number of common shares outstanding. Diluted EPS is computed after adjusting the numerator and denominator of the basic EPS computation for the effects of all potentially dilutive common shares. The dilutive effect of options and non-vested stock issued under stock-based compensation plans is computed using the treasury stock method.

Information related to the Company's EPS calculations is summarized as follows:

<i>thousands except per share amounts</i>	Three Months Ended March 31,

Common Stock Repurchases In March 2022, the Board authorized a share repurchase program pursuant to which the Company may, from time to time, purchase up to \$250.0 million of its common stock through open-market transactions. In 2022, the Company repurchased approximately \$235.0 million of common stock. The date and time of any additional repurchases will depend upon market conditions and the program may be suspended or discontinued at any time.

14. Revenues

Revenues from contracts with customers (excluding lease-related revenues) are recognized when control of the promised goods or services is transferred to the Company's customers in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods or services. Revenue and cost of sales for condominium units sold are not recognized until the construction is complete, the sale closes, and the title to the property has transferred to the buyer (point in time). Additionally, certain real estate selling costs, such as the costs related to the Company's condominium model units, are either expensed immediately or capitalized as property and equipment and depreciated over their estimated useful life.

The following presents the Company's revenues disaggregated by revenue source:

<i>thousands</i>	Three Months Ended March 31,	
	2026	2025
Revenues from contracts with customers		
Recognized at a point in time:		
Condominium rights and unit sales	\$ 3,134	\$ 342

Rental and lease-related revenues		
Rental revenue	113,549	108,413
Total revenues	\$ 235,917	\$ 199,328

Contract Assets and Liabilities Contract assets are the Company's right to consideration in exchange for goods or services that have been transferred to a customer, excluding any amounts presented as a receivable. Contract liabilities are the Company's obligation to transfer goods or services to a customer for which the Company has received consideration.

There were no contract assets for the periods presented. The contract liabilities primarily relate to escrowed condominium deposits, MPC land sales deposits, and deferred MPC land sales related to unsatisfied land improvements. The beginning and ending balances of contract liabilities and significant activity during the periods presented are as follows:

<i>thousands</i>		
Balance at December 31, 2025	\$	896,896
Consideration earned during the period		(22,914)
Consideration received during the period		44,476
Balance at March 31, 2026	\$	918,458
Balance at December 31, 2024	\$	584,536
Consideration earned during the period		(14,665)
Consideration received during the period		29,119
Balance at March 31, 2025	\$	598,990

Remaining Unsatisfied Performance Obligations The Company's remaining unsatisfied performance obligations represent a measure of the total dollar value of work to be performed on contracts executed and in progress. These performance obligations primarily relate to the completion of condominium construction and transfer of control to a buyer, as well as the completion of contracted MPC land sales and related land improvements. These obligations are associated with contracts that generally are non-cancelable by the customer after 30 days for all Ward Village condominiums and after 6 days for The Ritz-Carlton Residences; however, purchasers of condominium units have the right to cancel the contract should the Company elect not to construct the condominium unit within a certain period of time or materially change the design of the condominium unit. The aggregate amount of the transaction price allocated to the Company's remaining unsatisfied performance obligations as of March 31, 2026, was \$4.6 billion. The Company expects to recognize this amount as revenue over the following periods:

<i>thousands</i>	Less than 1 year	1-2 years	3 years and thereafter
Total remaining unsatisfied performance obligations	\$ 1,079,542	\$ 456,264	\$ 3,039,995

The Company's remaining performance obligations are adjusted to reflect any known project cancellations, revisions to project scope and cost, and deferrals, as appropriate. These amounts exclude estimated amounts of variable consideration which are constrained, such as builder price participation.

15. Leases

The Company has lease agreements with lease and non-lease components and has elected to aggregate these components into a single component for all classes of underlying assets. Certain of the Company's lease agreements include non-lease components such as fixed common area maintenance charges.

Lessee Arrangements The Company determines whether an arrangement is a lease at inception. Operating leases are included in Operating lease right-of-use assets and Operating lease obligations on the Condensed Consolidated Balance Sheets. Right-of-use assets represent the Company's right to use an underlying asset for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. Operating lease right-of-use assets and liabilities are recognized at commencement date based on the present value of future minimum lease payments over the lease term. As most of the Company's leases do not provide an implicit rate, the Company uses an estimate of the incremental borrowing rate based on the information available at the lease commencement date in determining the present value of future lease payments. The Operating lease right-of-use asset also includes any lease payments made, less any lease incentives and initial direct costs incurred. The Company does not have any finance leases.

The Company's lessee agreements consist of operating leases primarily for ground leases and other real estate. The Company's leases have remaining lease terms of less than 1 year to approximately 24 years, excluding extension options. The Company considers its strategic plan and the life of associated agreements in determining when options to extend or terminate lease terms are reasonably certain of being exercised. Leases with an initial term of 12 months or less are not recorded on the Condensed Consolidated Balance Sheets; the Company recognizes lease expense for these leases on a straight-line basis over the lease term. Certain of the Company's lease agreements include variable lease payments based on a percentage of income generated through subleases, changes in price indices and market rates, and other costs arising from operating, maintenance, and taxes. The Company's lease agreements do not contain residual value guarantees or restrictive covenants. The Company leases certain buildings constructed on its ground leases to third parties.

The Company's leased assets and liabilities are as follows:

<i>thousands</i>	March 31, 2026	December 31, 2025
Operating lease right-of-use assets	\$ 5,074	\$ 5,231
Operating lease obligations	4,773	4,868

Lessor Arrangements The Company receives rental income from the leasing of retail, office, multifamily, and other space under operating leases, as well as certain variable tenant recoveries. Operating leases for retail, office, and other properties are with a variety of tenants and have a remaining average term of approximately five years. Lease terms generally vary among tenants and may include early termination options, extension options, and fixed rental rate increases or rental rate increases based on an index. Multifamily leases generally have a term of 12 months or less. Minimum rent revenues related to operating leases are as follows:

Minimum rent revenues are recognized on a straight-line basis over the terms of the related leases when collectability is reasonably assured and the tenant has taken possession of, or controls, the physical use of the leased asset. Percentage rent in lieu of fixed minimum rent is recognized as sales are reported from tenants. Minimum rent revenues reported in the Condensed Consolidated Statements of Operations also include amortization related to above-market and below-market tenant leases on acquired properties.

16. Segments

The Company has three business segments, Operating Assets, MPC, and Strategic Developments, which are organized based on the different products and services that each segment offers, and are separately managed as each requires different operating strategies or management expertise reflective of management's operating philosophies and methods. The Company's segments or assets within such segments could change in the future as development of certain properties commences or other operational or management changes occur. All operations are within the United States.

Activity within each of the Company's reportable segments is as follows:

- **Operating Assets** – consists of developed or acquired retail, office, and multifamily properties along with other real estate investments. These properties are currently generating rental revenues and may be redeveloped, repositioned, or sold to improve segment performance or to recycle capital.
- **MPC** – consists of the development and sale of land in large-scale, long-term community development projects in and around Las Vegas, Nevada; Houston, Texas; and Phoenix, Arizona. Revenues are primarily generated through the sale of residential and commercial land to homebuilders and developers.
- **Strategic Developments** – consists of residential condominium and commercial property projects currently under development and all other properties held for development which have no substantial operations. Revenues are primarily generated from the sale of condominium units.

The Chief Operating Decision Maker (CODM), which is the Company's Chief Executive Officer, may use different operating measures to assess operating results and allocate resources among the three segments, however the measure that is most consistent with the amounts included in the Condensed Consolidated Financial Statements is earnings before taxes (EBT). EBT, as it relates to each business segment, includes the revenues and expenses of each segment, as shown below. EBT excludes corporate expenses and other items that are not allocable to the segments. The CODM utilizes EBT to evaluate the current financial performance and project the future financial performance of each segment to determine the allocation of capital resources. This measure is also used to evaluate the need for operational adjustments, such as adjustments to prices, cost structures, and product mix necessary to achieve profitability targets.

FORWARD-LOOKING INFORMATION

This Quarterly Report on Form 10-Q (Quarterly Report) contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 (Exchange Act). All statements other than statements of historical fact included in this Quarterly Report are forward-looking statements. We claim the protection of the Safe Harbor contained in the Private Securities Litigation Reform Act of 1995 for forward-looking statements. Forward-looking statements give our current expectations relating to our financial condition, results of operations, plans, objectives, future performance, or business. You can identify forward-looking statements by the fact that they do not relate strictly to current or historical facts. These statements may include words such as “anticipate,” “believe,” “estimate,” “expect,” “forecast,” “intend,” “likely,” “may,” “plan,” “project,” “realize,” “should,” “transform,” “will,” “would,” and other statements of similar expression. Forward-looking statements should not be relied upon. They give our expectations about the future and are not guarantees.

Forward-looking statements include statements regarding:

- the expected changes to our strategy following the transactions with Pershing Square
- accelerated growth in our core Master Planned Communities assets
- expected performance of our stabilized, income-producing properties, and the performance and stabilization timing of properties that we have recently placed into service or are under construction
- forecasts of our future economic performance
- expected capital required for our operations and development opportunities for our properties
- planned acquisitions, including the acquisition of Vantage Group Holdings Ltd. (Vantage), and our ability to integrate and realize the economic benefits of acquired businesses
- impact of technology on our operations and business
- expected performance of our segments
- expected commencement and completion for property developments and timing of sales or rentals of certain properties
- estimates of our future liquidity, development opportunities, development spending, and management plans; and
- descriptions of assumptions underlying or relating to any of the foregoing

These statements involve known and unknown risks, uncertainties, and other factors that may cause our actual results, performance, and achievements to materially differ from any future results, performance and achievements expressed or implied by such forward-looking statements. Factors that could cause actual results to differ materially from those expressed or implied by the forward-looking statements include:

- our ability to realize the anticipated benefits of the transactions with Pershing Square and our new strategy of becoming a diversified holding company
- our ability to identify and consummate transactions as part of our new strategy of becoming a diversified holding company
- risks inherent in acquiring or making investments in operating companies, especially companies in industries unrelated to our existing real estate business
- our ability to satisfy the conditions to closing and consummate the proposed acquisition of Vantage (Vantage Transaction), integrate it into our operations, and realize the financial benefits currently anticipated from such acquisition
- our ability to realize the anticipated benefits of the spinoff of Seaport Entertainment Group Inc. that we completed in 2024
- macroeconomic conditions such as volatility in capital markets, unstable economic and political conditions within the U.S. and foreign jurisdictions, geopolitical conflicts, and a prolonged recession in the national economy, including any adverse business or economic conditions in the homebuilding, condominium-development, retail, and office sectors
- changes in trade policies, including tariffs or duties on construction or homebuilding materials, potential retaliatory actions by other countries, and related impacts on market conditions and business activity
- our inability to obtain operating and development capital for our properties, including our inability to obtain or refinance debt capital from lenders and the capital markets
- interest rate volatility and inflation
- the availability of debt and equity capital
- our ability to compete effectively, including the potential impact of heightened competition for tenants and potential decreases in occupancy at our properties

- general inflation, including core and wage inflation; commodity and energy price and currency volatility; as well as monetary, fiscal and policy interventions in anticipation of our reaction to such events, including changes in interest rates
- mismatch of supply and demand, including interruptions of supply lines
- extreme weather conditions or climate change, including natural disasters, that may cause property damage or interrupt business
- the impact of water and electricity shortages
- contamination of our property by hazardous or toxic substances
- terrorist activity, acts of violence, or breaches of our or our vendors' data security
- losses that are not insured or exceed the applicable insurance limits
- our ability to lease new or redeveloped space
- our ability to obtain the necessary governmental permits for the development of our properties and necessary regulatory approvals pursuant to an extensive entitlement process involving multiple and overlapping regulatory jurisdictions, which often require discretionary action by local governments
- increased construction costs exceeding our original estimates, delays or overruns, claims for construction defects, or other factors affecting our ability to develop, redevelop or construct our properties
- regulation of the portion of our business that is dedicated to the formation and sale of condominiums, including regulatory filings to state agencies, additional entitlement processes, and requirements to transfer control to a condominium association's board of directors in certain situations, as well as potential defaults by purchasers on their obligations to purchase condominiums
- fluctuations in regional and local economies, the impact of changes in interest rates on residential housing and condominium markets, local real estate conditions, tenant rental rates, and competition from competing retail properties and the internet
- inherent risks related to disruption of information technology networks and related systems, including cyber security attacks
- our ability to attract and retain key personnel
- our ability to collect rent and attract tenants
- our indebtedness, including our \$650,000,000 4.125% senior unsecured notes due 2029, \$650,000,000 4.375% senior unsecured notes due 2031, \$500,000,000 5.875% senior unsecured notes due 2032, and \$500,000,000 6.125% senior unsecured notes due 2034, contain restrictions that may limit our ability to operate our business
- our directors' involvement or interests in other businesses, including real estate activities and investments
- our inability to control certain of our properties due to the joint ownership of such property and our inability to successfully attract desirable strategic partners
- our dependence on the operations and funds of our subsidiaries, including The Howard Hughes Corporation
- catastrophic events or geopolitical conditions, such as international armed conflicts, or the occurrence of epidemics or pandemics; and
- other risks and uncertainties described herein, as well as those risks and uncertainties discussed from time to time in our other reports and other public filings with the SEC

Any factor could, by itself, or together with one or more other factors, adversely affect our business, results of operations, plans, objectives, future performance, or financial condition. Other factors not described in this Quarterly Report also could cause results to differ from our expectations. Given these uncertainties, we caution you not to place undue reliance on these forward-looking statements. We undertake no obligation to update or revise any of our forward-looking statements for events or circumstances that arise after the statement is made, except as otherwise may be required by law.

The above list of risks and uncertainties is only a summary of some of the most important factors and is not intended to be exhaustive. Additional information regarding risk factors that may affect us is included in our 2025 Annual Report. The risk factors contained in our 2025 Annual Report are updated by us from time to time in Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and other filings that we make with the SEC.

OVERVIEW

Description of Business

Overview Howard Hughes Holdings Inc. (HHH or the Company) is a holding company that owns a real estate development subsidiary that operates a large-scale, mixed-use real estate platform focused on the development of master planned communities (MPCs), the investment in strategic real estate development opportunities, and the ownership and operation of income-producing properties. We create some of the most sought-after communities in the country by curating an environment tailored to meet the needs of our residents and tenants.

Throughout this section, changes for monetary amounts between periods presented are calculated based on the amounts in thousands of dollars stated in our condensed consolidated financial statements and then rounded to the nearest million. Therefore, certain changes may not recalculate based on the amounts rounded to the nearest million.

Segments The Company operates through three business segments: Operating Assets, MPCs, and Strategic Developments. In our MPC segment, we plan, develop, and manage small cities and large-scale, mixed-use communities, in markets with strong long-term growth fundamentals. This business focuses on the horizontal development of residential land. The improved acreage is then sold to homebuilders who build and sell homes to new residents. New homeowners create demand for commercial developments, such as retail, office, and hospitality offerings. We build these commercial properties through Strategic Developments at the appropriate times, which helps mitigate development risk, using the cash flow harvested from the sale of land to homebuilders. Once the commercial developments are completed, the assets transition to Operating Assets, which increases recurring Net Operating Income (NOI). New office, retail, and other commercial amenities make our MPC residential land more appealing to buyers and increase the velocity of land sales at premiums that typically exceed the broader market and generate more cash flow from MPCs. Our Strategic Developments segment also develops and sells residential condominiums in Hawai'i.

Planned Vantage Acquisition The Company has entered into a definitive agreement to acquire 100% of Vantage Group Holdings Ltd. (Vantage), a privately held specialty insurance and reinsurance company. The transaction remains subject to regulatory approvals and other customary closing conditions, and is expected to close in the second quarter of 2026. See Note 1 - *Presentation of Financial Statements and Significant Accounting Policies* in the Notes to Condensed Consolidated Financial Statements under Item 1 of this Quarterly Report for additional information.

Non-GAAP Measures In addition to the required presentations using GAAP, we use certain non-GAAP performance measures, such as NOI and Net Debt. See the Operating Assets and Short- and Long-Term Liquidity sections below for the reconciliations of these GAAP to non-GAAP financial measures and statements indicating why management believes these non-GAAP financial measures provide useful information for investors.

First Quarter 2026 Highlights

Comparison of the three months ended March 31, 2026, to the three months ended March 31, 2025

Total Company

- Net income attributable to common stockholders decreased to \$8.2 million in the current quarter, compared to \$10.5 million in the prior-year period. This decrease was primarily driven by a loss on the extinguishment of debt in the current quarter related to the redemption of our 2028 senior unsecured notes and a gain on the sale of two land parcels and a retail space in Ward Village in the prior-year period, partially offset by an increase in MPC residential land sales.
- We continue to maintain a strong liquidity position with \$1.8 billion of cash and cash equivalents, \$515.0 million of undrawn capacity on our Secured Bridgeland Notes, \$1.1 billion of undrawn lender commitments available to be drawn for property development, subject to certain restrictions, and limited near-term debt maturities, all as of March 31, 2026.

Operating Assets

- Operating Assets NOI totaled \$65.7 million in the current quarter, a \$1.6 million increase compared to \$64.0 million in the prior-year period.
- Operating Assets results reflect modest increases across all property types. Performance in Office and Multifamily was impacted by strong leasing activity and expiration of rent abatements across the portfolio.

MPC

- MPC EBT totaled \$84.4 million in the current quarter, a \$21.1 million increase compared to \$63.3 million in the prior-year period.
- The increase in EBT was primarily due to an increase in residential acres sold in Bridgeland, higher revenue recognized out of deferred revenue, net of associated deferred costs, and an increase in interest income, primarily due to capitalized interest.

Strategic Developments

- Strategic Developments EBT decreased \$5.4 million to a loss of \$6.6 million in the current quarter, compared to a loss of \$1.2 million in the prior-year period.
- The decrease in EBT was primarily due to the recognition of the Company's share of a loss on sale of land at our West End Alexandria joint venture in the current quarter.
- The final six units at Ulana Ward Village closed in the current period, however condominium sales, net of cost of sales remained flat as this is a workforce tower and closed at a breakeven gross margin as expected.
- The Company commenced construction on The Launiu in the first quarter of 2026.

Financing Activity

- In February 2026, HHC, the Company's wholly owned subsidiary, issued \$500.0 million of 5.875% senior unsecured notes due 2032 and \$500.0 million of 6.125% senior unsecured notes due 2034. HHC used the net proceeds to redeem its outstanding \$750.0 million 5.375% senior unsecured notes due 2028, including premiums, accrued and unpaid interest and related expenses, and will use the remaining proceeds for general corporate purposes.
- Closed on a \$300.0 million five-year mortgage secured by Downtown Summerlin and a related interest rate swap resulting in a fixed interest rate of 5.52%.

Segment EBT	\$ (4,912)	\$ 2,270	\$ (7,182)	NM

NM Not meaningful.

For the three months ended March 31, 2026:

Operating Assets segment EBT decreased \$7.2 million compared to the prior-year period primarily due to the following:

- Gain on sale of real estate decreased \$10.0 million primarily due to the sale of two land parcels and a retail space in Ward Village in 2025.

Excluding the impact of the gain on sale in the prior period, EBT increased \$2.8 million primarily due to the following:

- Rental revenues, net of Operating costs increased \$4.1 million primarily due to increased leasing activity across our portfolio and expiration of rent abatements.

Net Operating Income In addition to the required presentations using GAAP, we use certain non-GAAP performance measures, as we believe these measures improve the understanding of our operational results and make comparisons of operating results among peer companies more meaningful. Management continually evaluates the usefulness, relevance, limitations and calculation of our reported non-GAAP performance measures to determine how best to provide relevant information to the public, and thus such reported measures could change.

We define NOI as operating revenues (rental income, tenant recoveries, and other revenue) less operating expenses (real estate taxes, repairs and maintenance, marketing, and other property expenses). NOI excludes straight-line rents and amortization of tenant incentives, net; interest expense, net; ground rent amortization; demolition costs; other income (loss); depreciation and amortization; development-related marketing costs; gain on sale or disposal of real estate and other assets, net; loss on extinguishment of debt; provision for impairment; and equity in earnings from unconsolidated ventures.

We believe that NOI is a useful supplemental measure of the performance of our Operating Assets segment because it provides a performance measure that reflects the revenues and expenses directly associated with owning and operating real estate properties. We use NOI to evaluate our operating performance on a property-by-property basis because NOI allows us to evaluate the impact that property-specific factors such as rental and occupancy rates, tenant mix, and operating costs have on our operating results, gross margins, and investment returns.

A reconciliation of Operating Assets segment EBT to Operating Assets NOI is presented in the table below.

For the three months ended March 31, 2026:

MPC segment EBT increased \$21.1 million compared to the prior-year period primarily due to the following:

- MPC sales, net of MPC cost of sales increased \$18.4 million primarily due to increased residential MPC land sales closed in Bridgeland and an increase in deferred revenue, net of associated deferred costs in Summerlin. These increases were partially offset by a decrease in residential MPC land sales closed in Summerlin. See Master Planned Communities Land Sales and Residential and Commercial Land Sales Closed tables below for additional information on land sales activity in the period.
- Interest income increased \$4.9 million primarily due to increased capitalized interest in Bridgeland and Summerlin.

Strategic Developments

Our Strategic Developments assets generally require substantial future development to maximize their value. Other than our condominium properties, most of the properties and projects in this segment do not generate revenues. Our expenses relating to these assets are primarily related to costs associated with constructing the assets, selling condominiums, carrying costs including, but not limited to, property taxes and insurance, and other ongoing costs relating to maintaining the assets in their current condition. If we decide to redevelop or develop a Strategic Developments asset, we expect that with the exception of the residential portion of our condominium projects, upon completion of development, the asset would likely be reclassified to Operating Assets when the asset is placed in service and NOI would become a meaningful measure of its operating performance. All development costs discussed herein are exclusive of land costs.

Segment EBT	\$ (6,636)	\$ (1,199)	\$ (5,437)	NM

NM Not meaningful.

For the three months ended March 31, 2026:

Strategic Developments segment EBT decreased \$5.4 million compared to the prior-year period primarily due to the following:

- Equity earnings decreased \$5.1 million due to the recognition of the Company's share of a loss on sale of land at our West End Alexandria joint venture. See Note 3 - *Investments in Unconsolidated Ventures* in the Notes to Condensed Consolidated Financial Statements under Item 1 of this Quarterly Report for additional information.

Although the final six units at Ulana Ward Village closed in the current period, condominium sales, net of cost of sales remained flat as this is a workforce tower and closed at a breakeven gross margin as expected. Ulana Ward Village is our second workforce tower and fulfills our current reserved housing guaranty in the community. See Note 10 - *Commitments and Contingencies* in the Notes to Condensed Consolidated Financial Statements under Item 1 of this Quarterly Report for additional information on the reserved housing requirements in Ward Village. The next condominium tower, The Park Ward Village, is expected to begin unit closings in the second quarter of 2026.

Condominiums Condominium revenue is recognized when construction of the condominium tower is complete and unit sales close, leading to variability in revenue recognized between periods.

Completed Condominiums Ulana Ward Village was completed in the fourth quarter of 2025, and 690 of the 696 units were closed in 2025. The remaining 6 units closed in the first quarter of 2026.

Under Construction and Predevelopment Condominiums The Company commenced construction on The Launiu in the first quarter of 2026. The following provides further detail for our under construction and predevelopment condominium projects as of March 31, 2026:

Corporate Income, Expenses, and Other Items

The following table contains certain corporate-related and other items not related to segment activities and that are not otherwise included within the segment analyses. Variances related to income and expenses included in NOI or EBT are explained within the previous segment discussions. Significant variances for consolidated items not included in NOI or EBT are described below:

<i>thousands except percentages</i>	Three Months Ended March 31,

NM Not meaningful.

For the three months ended March 31, 2026:

Corporate income, expenses, and other items were unfavorably impacted compared to the prior-year period by the following:

- Loss on extinguishment of debt increased \$10.2 million due to payment of the bond call premium and accelerated amortization of related debt issuance costs following the repayment of the \$750.0 million 5.375% senior unsecured notes in the first quarter of 2026. Refer to Note 7 - *Mortgages, Notes, and Loans Payable, Net* in the Notes to Condensed Consolidated Financial Statements under Item 1 of this Quarterly Report for additional information.
- General and administrative expenses increased \$3.3 million primarily due to \$3.8 million in Pershing Square advisory fees in the current period and \$3.4 million of legal and consulting fees related to the planned acquisition of Vantage. These increases were partially offset by a decrease in compensation and benefits, including those from the strategic reduction in force in 2025, as well as other cost reduction initiatives.

Corporate income, expenses, and other items were favorably impacted compared to the prior-year period by the following:

- Corporate interest expense, net decreased \$1.9 million primarily due to higher interest income in the current period generated from the proceeds related to the Pershing Square Issuance, partially offset by higher interest expense following the issuance of senior unsecured notes in the current period and higher interest expense recognized from the accretion of the liability related to the sale of future MUD receivables.

Pershing Square Advisory Fees Pershing Square supports the Company's new diversified holding company strategy by providing certain investment and advisory services. Starting in the second quarter of 2025, the Company began paying Pershing Square a quarterly advisory fee that includes base and variable components. The variable fee is calculated based on the excess of the quarter-end stock price over a reference price. As such, no variable fee is owed in a period that the quarter-end stock price does not exceed the reference price. Refer to Note 2 - *Pershing Square* in the Notes to Condensed Consolidated Financial Statements under Item 1 of this Quarterly Report for additional information on the advisory fee.

The base and variable components of the quarterly advisory fee are detailed below:

<i>thousands</i>	Three Months Ended March 31,

LIQUIDITY AND CAPITAL RESOURCES

We continue to maintain a strong balance sheet and endeavor to ensure that we maintain the financial flexibility and liquidity necessary to fund future growth. As of March 31, 2026, we had \$1.8 billion of cash and cash equivalents, \$515.0 million of undrawn capacity on our Secured Bridgeland Notes, and \$1.1 billion of undrawn lender commitments available to be drawn for property development, subject to certain restrictions.

Cash Flows

<i>thousands</i>	Three Months Ended March 31,	
	2026	2025
Cash provided by (used in) operating activities	\$ (229,404)	\$ (224,924)
Cash provided by (used in) investing activities	(43,185)	(63,591)
Cash provided by (used in) financing activities	664,714	128,064

Operating Activities Each segment's relative contribution to our cash flows from operating activities will likely vary significantly from year to year given the changing nature of our development focus and the timing of condominium and land sale closings. Our operating cash flows consists of the following (1) condominium deposits received from contracted units and proceeds from condominium closings offset by other various cash uses related to condominium development and sales activities, (2) revenues from MPC land sales offset by development costs associated with the land sales business and acquisitions of land that is intended to ultimately be developed and sold, and (3) recurring contractual revenues from operating leases. Operating cash is utilized to fund ongoing development expenditures in our Strategic Developments and MPC segments.

Net cash used in operating activities was \$229.4 million in the three months ended March 31, 2026, and \$224.9 million in the three months ended March 31, 2025. The \$4.5 million increase in net cash used in operating activities was primarily due to an increase in MPC development expenditures, partially offset by an increase in MPC land sales and an increase in cash provided by condominium towers.

Investing Activities Net cash used in investing activities was \$43.2 million in the three months ended March 31, 2026, and \$63.6 million in the three months ended March 31, 2025. The \$20.4 million decrease in net cash used in investing activities was primarily due to a decrease in cash used for property development, partially offset by a net increase in cash used for joint venture activity, driven by increased capital contributions to our unconsolidated ventures net of distributions received from unconsolidated ventures.

Financing Activities Net cash provided by financing activities was \$664.7 million in the three months ended March 31, 2026, and \$128.1 million in the three months ended March 31, 2025. The \$536.7 million increase in cash provided by financing activities was primarily due to \$1.3 billion increase in proceeds from mortgages, notes, and loans payable, primarily related to the issuance of \$1.0 billion of new unsecured notes and a \$300.0 million five-year mortgage secured by Downtown Summerlin in the current period. These increases were partially offset by a \$743.2 million increase in cash used related to principal payments on mortgages, notes, and loans payable, primarily related to the repayment of \$750 million of existing unsecured notes in the current period, as well as a \$18.5 million increase in deferred financing costs and bond issuance costs related to these transactions.

Short- and Long-Term Liquidity

Short-Term Liquidity In the next 12 months, we expect to continue executing our strategy to transition from a pure-play real estate company to a diversified holding company.

From our real estate operations, we expect our primary sources of cash to include cash flow from MPC land sales and condominium closings, cash generated from our operating assets, first mortgage financings secured by our assets, and deposits from condominium sales (which are restricted to funding construction of the related developments). We expect our primary uses of cash to include condominium pre-development and development costs, debt principal payments and debt service costs, MPC land development costs, other strategic developments costs, and general operating costs. We believe that our sources of cash, including existing cash on hand will provide sufficient liquidity to meet our existing obligations and anticipated ordinary course operating expenses for at least the next 12 months.

In December 2025, we entered into a purchase agreement to acquire Vantage for \$2.1 billion in cash consideration. The transaction remains subject to regulatory approvals and other customary closing conditions, and is expected to close in the second quarter of 2026. To support the funding of the acquisition and to allow for an additional equity contribution to Vantage post acquisition to be used for working capital and general corporate purposes, the Company entered into an equity commitment letter with Pershing Square Holdings, Ltd. under which Pershing Square committed to purchase up to \$1.0 billion of the Company's preferred stock, prior to and contingent upon the closing of the Vantage acquisition. The acquisition is expected to be funded through the Company's cash on hand, and proceeds from the issuance of the preferred stock. We also expect to incur additional transaction-related expenses prior to the closing. We believe we have adequate liquidity to meet these acquisition-related obligations; however, the timing of regulatory approvals and closing conditions may affect the timing of cash outflows associated with the transaction.

Long-Term Liquidity The development and redevelopment opportunities in Strategic Developments and Operating Assets are capital intensive and will require significant additional funding, if and when pursued. Any additional funding beyond those sources listed above would be raised with a mix of construction, bridge, and long-term financings, by entering into joint venture arrangements, as well as future equity raises. We cannot provide assurance that financing arrangements for our properties will be on favorable terms or occur at all, which could have a negative impact on our liquidity and capital resources. In addition, we typically must provide completion guarantees to lenders in connection with their financing for our projects.

The preferred stock issued by HHH to Pershing Square will become convertible into the common stock of Vantage if not redeemed by the end of the seventh fiscal year post-transaction. HHH will receive a series of call options giving it the right but not the obligation to redeem the preferred stock over the next seven years. The acquisition is expected to have other long-term implications for the Company's liquidity profile, although the magnitude and timing of these impacts cannot yet be determined.

Contractual Cash Obligations and Commitments The following table aggregates our contractual cash obligations and commitments as of March 31, 2026:

<i>thousands</i>	Remaining in 2026	2027	2028	2029	2030	Thereafter	Total
Mortgages, notes, and loans payable	\$ 573,359	\$ 569,924	\$ 272,480	\$ 1,079,258	\$ 348,617	\$ 2,994,626	\$ 5,838,264
Interest payments (a)	235,460	263,870	235,622	191,040	146,813	277,538	1,350,343

Total	\$ 809,119	\$ 834,094	\$ 508,402	\$ 1,270,598	\$ 495,730	\$ 3,277,464	\$ 7,195,407

(a) Interest is based on the borrowings that are presently outstanding and current floating interest rates.

Debt As of March 31, 2026, the Company had \$5.8 billion of outstanding debt and \$1.1 billion of undrawn lender commitment available to be drawn for property development, subject to certain restrictions.

On February 17, 2026, HHC, the Company's wholly owned subsidiary, issued \$500.0 million of 5.875% senior unsecured notes due 2032 and \$500.0 million of 6.125% senior unsecured notes due 2034. These notes will pay interest semi-annually. HHC used the net proceeds to redeem its outstanding \$750.0 million 5.375% senior unsecured notes due 2028, including the payment of premiums, accrued and unpaid interest and expenses related to such redemption, and will use the remaining proceeds for general corporate purposes.

Refer to Note 7 - *Mortgages, Notes, and Loans Payable, Net* in the Notes to Condensed Consolidated Financial Statements under Item 1 of this Quarterly Report for additional information.

The Company has collateral maintenance obligation for Floreo, its unconsolidated venture. See Note 10 - *Commitments and Contingencies* in the Notes to Condensed Consolidated Financial Statements under Item 1 of this Quarterly Report for additional information.

Debt Compliance As of March 31, 2026, the Company was not in compliance with certain property-level debt covenants, which did not have a material impact on the Company's liquidity or its ability to operate these assets. As a result, the excess net cash flow after debt service from the underlying properties became restricted. While the restricted cash could not be used for general corporate purposes, it could be used to fund operations of the underlying assets.

Net Debt The following table summarizes our Net Debt on a segment basis as of March 31, 2026. The Company revised the definition of its non-GAAP measure, Net Debt, to simplify its calculation and recast the prior period to conform to the new presentation. Under the revised definition, Net Debt excludes the impact of unamortized deferred financing costs and our ownership share of debt of our unconsolidated ventures, whereas prior periods included these amounts. In addition, under the revised definition, Net Debt is reduced only by readily available cash sources, consisting of Cash and cash equivalents. Prior periods included our ownership share of our unconsolidated ventures' cash and certain receivable balances as liquidity sources, which are excluded under the revised definition.

Net Debt is now defined as Mortgages, notes, and loans payable, excluding the impact of unamortized deferred financing costs, reduced by Cash and cash equivalents available to satisfy such obligations. Management believes the updated definition provides a more meaningful measure of the Company's leverage by (i) focusing on obligations for which the Company has primary responsibility and control and (ii) using a more conservative measure of liquidity that reflects only readily available cash resources. This change enhances transparency and comparability for investors. Although Net Debt is a non-GAAP financial measure, we believe that such information is useful to our investors and other users of our financial statements as Net Debt and its components are important indicators of our overall liquidity, capital structure, and financial position. However, it should not be used as an alternative to our debt calculated in accordance with GAAP.

<i>thousands</i>	March 31, 2026	December 31, 2025

Net Debt	\$ 4,002,435	\$ 3,675,707

Item 3. Quantitative and Qualitative Disclosures about Market Risk

We are subject to interest rate risk with respect to our variable-rate financings in that increases in interest rates would cause our payments under such financings to increase. With respect to fixed-rate financings, increases in interest rates could make it more difficult to refinance such debt when it becomes due. As properties are placed into service and become stabilized, we typically refinance the variable-rate debt with long-term fixed-rate debt.

The Company uses derivative instruments to manage its interest rate risk, primarily through the use of interest rate swaps, caps, and collars. The Company had \$1.7 billion of variable-rate debt outstanding at March 31, 2026, of which \$661.2 million was swapped to a fixed rate through the use of interest rate swaps and \$807.7 million had interest rate cap contracts in place. Additionally, the interest rate caps and collars are on construction loans and mortgages with undrawn loan commitment of \$95.6 million as of March 31, 2026, which will be covered by the interest rate cap and collar contracts upon drawing. Refer to Note 9 - *Derivative Instruments and Hedging Activities* in the Notes to Condensed Consolidated Financial Statements under Item 1 of this Quarterly Report for additional information.

As of March 31, 2026, annual interest costs would increase approximately \$2.0 million for every 1.00% increase in floating interest rates. The Company is focused on prudently limiting exposure to potentially higher interest rates based upon market dynamics and general expected financing activity. Generally, a significant portion of our interest expense is capitalized due to the level of assets we currently have under development; therefore, the impact of a change in our interest rate on our Condensed Consolidated Statements of Operations would be less than the total change in interest costs, but we would incur higher cash payments and the development costs of our assets would be higher, resulting in greater depreciation or cost of sales in later years.

Item 4. Controls and Procedures

DISCLOSURE CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) that are designed to provide reasonable assurance that information required to be disclosed in our reports to the SEC is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer, principal financial officer, and principal accounting officer, as appropriate, to allow timely decisions regarding required disclosure.

As required by SEC rules, we carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer, principal financial officer, and principal accounting officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of March 31, 2026, the end of the period covered by this report. Based on the foregoing, our principal executive officer, principal financial officer, and principal accounting officer concluded that our disclosure controls and procedures were effective as of March 31, 2026.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There were no changes to our internal control over financial reporting that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

TO
SECOND AMENDED AND RESTATED EMPLOYMENT AGREEMENT

This AMENDMENT NO. 3 (this “*Amendment*”) to that certain Second Amended and Restated Employment Agreement (the “*Employment Agreement*”), dated as of December 1, 2020, by and between The Howard Hughes Corporation, a Delaware corporation (“*HHC*”) and David R. O’Reilly (the “*Executive*”), as assigned by HHC to Howard Hughes Holdings Inc. (the “*Company*”) pursuant to that certain Assignment and Assumption Agreement, dated as of August 11, 2023, is entered into effective as of January 1, 2026 (the “*Amendment Effective Date*”). Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Employment Agreement.

RECITALS

WHEREAS, pursuant to Section 12(a) of the Employment Agreement, the Employment Agreement may be amended by a writing signed by Executive and the Company;

WHEREAS, pursuant to the charter of the Compensation Committee (the “*Compensation Committee*”) of the Board, the Board has delegated to the Compensation Committee the authority to approve the Executive’s annual compensation;

WHEREAS, Section 2(b) of the Employment Agreement provides that the Compensation Committee shall determine the Executive’s Target Bonus Amount and Target LTIP Award Amount;

WHEREAS, on February 3, 2026, the Compensation Committee approved increases to the Executive’s Target Bonus Amount and Target LTIP Award Amount, in each case effective as of January 1, 2026; and

WHEREAS, the parties desire to enter into this Amendment to memorialize the increases to the Executive’s Target Bonus Amount and Target LTIP Award Amount.

NOW, THEREFORE, in consideration of the mutual recitals, terms, and conditions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto acknowledge and agree that the Employment Agreement is amended as set forth below, effective as of the Amendment Effective Date:

1. Target Annual Bonus Amount. The first two sentences of Section 2(b)(ii) of the Employment Agreement are amended and restated and replaced in their entirety as follows:

Annual Bonus. Commencing in 2026, and continuing during each subsequent calendar year of the Employment Period, the Executive shall be eligible for an annual cash bonus (the “Annual

Bonus”) in the targeted amount of TWO MILLION FIVE HUNDRED THOUSAND DOLLARS (\$2,500,000) (the “*Target Bonus Amount*”), which shall be awarded each year during the Employment Period by the Compensation Committee of the Board (the “*Compensation Committee*”) based upon its evaluation of such performance measures and objectives as may be established by the Compensation Committee from time to time (the “*Annual Bonus Performance Metrics*”). The amount of the Annual Bonus that shall be paid to Executive each year shall be determined by the Compensation Committee based on the achievement of the Annual Bonus Performance Metrics; provided, however, that, if the Compensation Committee establishes a minimum overall performance goal that is required to be achieved for the Executive to be eligible to receive any Annual Bonus in respect of a calendar year, and that minimum overall goal is achieved for such calendar year, then the Annual Bonus for such calendar year shall be equal to at least EIGHTY PERCENT (80%) of the Target Bonus Amount, but not more than ONE-HUNDRED TWENTY PERCENT (120%) of the Target Bonus Amount.

2. Target Annual LTIP Award Amount. Section 2(b)(iii) of the Employment Agreement is amended and restated and replaced in its entirety as follows:

Annual Equity or Equity-Based Incentive Awards. Commencing in 2026, and continuing during each subsequent calendar year of the Employment Period, the Executive shall be eligible to receive an annual equity award (the “*Annual LTIP Award*”), which shall be awarded each year during the Employment Period by the Compensation Committee based upon its evaluation of such performance measures and objectives as may be established by the Compensation Committee from time to time. The Annual LTIP Award shall be a long-term equity or equity-based incentive award with an aggregate targeted grant value (with respect to the portion of the Annual LTIP Award that is subject to performance metrics, based on the achievement of the applicable performance metrics that cause the award to vest at the level of 100%, and without taking into account the probability of the award vesting at that level on the date of grant) on the date of grant equal to FIVE MILLION FIVE HUNDRED THOUSAND DOLLARS (\$5,500,000) (the “*Target LTIP Award Amount*”), with the number of shares of the Company’s common stock, par value \$0.01 per share (the “*Common Stock*”) subject to such Annual LTIP Award determined by dividing the aggregate grant value by the closing price per share of the Common Stock on a nationally recognized exchange or as otherwise provided for in the Incentive Plan on the date of grant, which shall be awarded each year by the Compensation Committee based on the achievement of the Annual Bonus Performance Metrics for the applicable year. The determination as to whether the performance goals have been achieved shall be made in the sole discretion of the Compensation Committee. The Annual LTIP Award shall be granted to the Executive at the same time that other senior executives of the Company are granted their annual equity or equity-based incentive awards but in no event later than March 15 following the end of the calendar year to which such Annual LTIP Award relates. Twenty percent (20%) of each Annual LTIP Award granted to the Executive shall provide for pro rata time vesting over three years in accordance with the terms of the applicable award agreement (the “*Time Vesting LTIP Award*”) and the other eighty percent (80%) of such award shall provide for performance-based vesting (the “*Performance Vesting LTIP Award*”). All Annual LTIP Awards shall be subject to the terms and conditions of the Incentive Plan and any applicable award agreements thereunder. For purposes of this Agreement, “*Incentive Plan*” shall mean the

Company's 2025 Equity Incentive Plan, as in effect from time to time (and any successor plan thereto).

3. Effect of Amendment. Except as set forth in this Amendment, all other terms and provisions of the Employment Agreement remain unchanged and in full force and effect. On and after the date hereof, each reference in the Employment Agreement to "this Agreement", "hereunder", "herein" or words of like import shall mean and be a reference to the Employment Agreement, as amended or otherwise modified by this Amendment, and the Employment Agreement as amended hereby remains in full force and effect in accordance with its terms.

4. Counterparts. This Amendment may be executed in counterparts, each of which shall be deemed an original.

AMENDMENT NO. 3
TO
EMPLOYMENT AGREEMENT

This AMENDMENT NO. 3 (this “*Amendment*”) to that certain Employment Agreement (the “*Employment Agreement*”), dated as of January 12, 2022, by and between The Howard Hughes Corporation, a Delaware corporation (“*HHC*”) and Carlos A. Olea (the “*Executive*”), as assigned by HHC to Howard Hughes Holdings Inc. (the “*Company*”) pursuant to that certain Assignment and Assumption Agreement, dated as of August 11, 2023, is entered into effective as of January 1, 2026 (the “*Amendment Effective Date*”). Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Employment Agreement.

RECITALS

WHEREAS, pursuant to Section 12(a) of the Employment Agreement, the Employment Agreement may be amended by a writing signed by Executive and the Company;

WHEREAS, pursuant to the charter of the Compensation Committee (the “*Compensation Committee*”) of the Board, the Board has delegated to the Compensation Committee the authority to approve the Executive’s annual compensation;

WHEREAS, Section 2(b) of the Employment Agreement provides that the Compensation Committee shall determine the Executive’s Target LTIP Award Amount;

WHEREAS, on February 3, 2026, the Compensation Committee approved an increase to the Executive’s Target LTIP Award Amount, effective as of January 1, 2026; and

WHEREAS, the parties desire to enter into this Amendment to memorialize the increase to the Executive’s Target LTIP Award Amount.

NOW, THEREFORE, in consideration of the mutual recitals, terms, and conditions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto acknowledge and agree that the Employment Agreement is amended as set forth below, effective as of the Amendment Effective Date:

1. Target Annual LTIP Award Amount. Section 2(b)(iii) of the Employment Agreement is amended and restated and replaced in its entirety as follows:

Annual Equity or Equity-Based Incentive Awards. Commencing in 2026, and continuing during each subsequent calendar year of the Employment Period, the Executive shall be eligible to receive an annual equity award (the “*Annual LTIP Award*”), which shall be awarded each year during the Employment Period by the Compensation Committee based upon its evaluation of such performance measures and objectives as may be established by the Compensation Committee from time to time. The Annual LTIP Award shall be a long-term equity or equity-

based incentive award with an aggregate targeted grant value (with respect to the portion of the Annual LTIP Award that is subject to performance metrics, based on the achievement of the applicable performance metrics that cause the award to vest at the level of 100%, and without taking into account the probability of the award vesting at that level on the date of grant) on the date of grant equal to ONE MILLION NINE HUNDRED AND SEVENTY-FIVE THOUSAND DOLLARS (\$1,975,000) (the “*Target LTIP Award Amount*”), with the number of shares of the Company’s common stock, par value \$0.01 per share (the “Common Stock”) subject to such Annual LTIP Award determined by dividing the aggregate grant value by the closing price per share of the Common Stock on a nationally recognized exchange or as otherwise provided for in the Incentive Plan on the date of grant, which shall be awarded each year by the Compensation Committee based on the achievement of the Annual Bonus Performance Metrics for the applicable year. The determination as to whether the performance goals have been achieved shall be made in the sole discretion of the Compensation Committee. The Annual LTIP Award shall be granted to the Executive at the same time that other senior executives of the Company are granted their annual equity or equity-based incentive awards but in no event later than March 15 following the end of the calendar year to which such Annual LTIP Award relates. Twenty percent (20%) of each Annual LTIP Award granted to the Executive shall provide for pro rata time vesting over three years in accordance with the terms of the applicable award agreement (the “*Time Vesting LTIP Award*”) and the other eighty percent (80%) of such award shall provide for performance-based vesting (the “*Performance Vesting LTIP Award*”). All Annual LTIP Awards shall be subject to the terms and conditions of the Incentive Plan and any applicable award agreements thereunder. For purposes of this Agreement, “Incentive Plan” shall mean the Company’s 2025 Equity Incentive Plan, as in effect from time to time (and any successor plan thereto).

2. Effect of Amendment. Except as set forth in this Amendment, all other terms and provisions of the Employment Agreement remain unchanged and in full force and effect. On and after the date hereof, each reference in the Employment Agreement to “this Agreement”, “hereunder”, “herein” or words of like import shall mean and be a reference to the Employment Agreement, as amended or otherwise modified by this Amendment, and the Employment Agreement as amended hereby remains in full force and effect in accordance with its terms.

3. Counterparts. This Amendment may be executed in counterparts, each of which shall be deemed an original.

AMENDMENT NO. 2
TO
EMPLOYMENT AGREEMENT

This AMENDMENT NO. 2 (this “*Amendment*”) to that certain Employment Agreement (the “*Employment Agreement*”), dated as of December 29, 2023, by and between Howard Hughes Holdings Inc., a Delaware corporation (the “*Company*”) and Joseph Valane (the “*Executive*”) is entered into effective as of January 1, 2026 (the “*Amendment Effective Date*”). Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Employment Agreement.

RECITALS

WHEREAS, pursuant to Section 12(a) of the Employment Agreement, the Employment Agreement may be amended by a writing signed by Executive and the Company;

WHEREAS, pursuant to the charter of the Compensation Committee (the “*Compensation Committee*”) of the Board, the Board has delegated to the Compensation Committee the authority to approve the Executive’s annual compensation;

WHEREAS, Section 2(b) of the Employment Agreement provides that the Compensation Committee shall determine the Executive’s Target Bonus Amount and Target LTIP Award Amount;

WHEREAS, on February 3, 2026, the Compensation Committee approved increases to the Executive’s Target Bonus Amount and Target LTIP Award Amount, in each case effective as of January 1, 2026; and

WHEREAS, the parties desire to enter into this Amendment to memorialize the increases to the Executive’s Target Bonus Amount and Target LTIP Award Amount.

NOW, THEREFORE, in consideration of the mutual recitals, terms, and conditions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto acknowledge and agree that the Employment Agreement is amended as set forth below, effective as of the Amendment Effective Date:

1. Target Annual Bonus Amount. The first two sentences of Section 2(b)(ii) of the Employment Agreement are amended and restated and replaced in their entirety as follows:

Annual Bonus. Commencing in 2026, and continuing during each subsequent calendar year of the Employment Period, the Executive shall be eligible for an annual cash bonus (the “*Annual Bonus*”) in the targeted amount of SEVEN HUNDRED THOUSAND DOLLARS (\$700,000) (the “*Target Bonus Amount*”), which shall be awarded each year during the Employment Period

by the Compensation Committee of the Board (the “*Compensation Committee*”) based upon its evaluation of such performance measures and objectives as may be established by the Compensation Committee from time to time (the “*Annual Bonus Performance Metrics*”). The amount of the Annual Bonus that shall be paid to Executive each year shall be determined by the Compensation Committee based on the achievement of the Annual Bonus Performance Metrics; provided, however, that, if the Compensation Committee establishes a minimum overall performance goal that is required to be achieved for the Executive to be eligible to receive any Annual Bonus in respect of a calendar year, and that minimum overall goal is achieved for such calendar year, then the Annual Bonus for such calendar year shall be equal to at least EIGHTY PERCENT (80%) of the Target Bonus Amount, but not more than ONE-HUNDRED TWENTY PERCENT (120%) of the Target Bonus Amount. The Annual Bonus for each year shall be paid to the Executive as soon as reasonably practicable following the end of such year and at the same time that other senior executives of the Company receive bonus payments, but in no event later than March 15 following the end of the calendar year to which such Annual Bonus relates.

2. Target Annual LTIP Award Amount. Section 2(b)(iii) of the Employment Agreement is amended and restated and replaced in its entirety as follows:

Annual Equity or Equity-Based Incentive Awards. Commencing in 2026, and continuing during each subsequent calendar year of the Employment Period, the Executive shall be eligible to receive an annual equity award (the “*Annual LTIP Award*”), which shall be awarded each year during the Employment Period by the Compensation Committee based upon its evaluation of such performance measures and objectives as may be established by the Compensation Committee from time to time. The Annual LTIP Award shall be a long-term equity or equity-based incentive award with an aggregate targeted grant value (with respect to the portion of the Annual LTIP Award that is subject to performance metrics, based on the achievement of the applicable performance metrics that cause the award to vest at the level of 100%, and without taking into account the probability of the award vesting at that level on the date of grant) on the date of grant equal to ONE MILLION DOLLARS (\$1,000,000) (the “*Target LTIP Award Amount*”), with the number of shares of the Company’s common stock, par value \$0.01 per share (the “*Common Stock*”) subject to such Annual LTIP Award determined by dividing the aggregate grant value by the closing price per share of the Common Stock on a nationally recognized exchange or as otherwise provided for in the Incentive Plan on the date of grant, which shall be awarded each year by the Compensation Committee based on the achievement of the Annual Bonus Performance Metrics for the applicable year. The determination as to whether the performance goals have been achieved shall be made in the sole discretion of the Compensation Committee. The Annual LTIP Award shall be granted to the Executive at the same time that other senior executives of the Company are granted their annual equity or equity-based incentive awards but in no event later than March 15 following the end of the calendar year to which such Annual LTIP Award relates. Twenty percent (20%) of each Annual LTIP Award granted to the Executive shall provide for pro rata time vesting over three years in accordance with the terms of the applicable award agreement (the “*Time Vesting LTIP Award*”) and the other eighty percent (80%) of such award shall provide for performance-based vesting (the “*Performance Vesting LTIP Award*”). All Annual LTIP Awards shall be subject to the terms and conditions of the Incentive Plan and any applicable award agreements thereunder. For purposes of this Agreement,

“Incentive Plan” shall mean the Company’s 2025 Equity Incentive Plan, as in effect from time to time (and any successor plan thereto).

3. Effect of Amendment. Except as set forth in this Amendment, all other terms and provisions of the Employment Agreement remain unchanged and in full force and effect. On and after the date hereof, each reference in the Employment Agreement to “this Agreement”, “hereunder”, “herein” or words of like import shall mean and be a reference to the Employment Agreement, as amended or otherwise modified by this Amendment, and the Employment Agreement as amended hereby remains in full force and effect in accordance with its terms.

4. Counterparts. This Amendment may be executed in counterparts, each of which shall be deemed an original.
